HOUSE OF COMMONS

DISCUSSED MANY MATTERS

The Vote in the Senate on the Autonomy Bills Expected To-Day—Legislators Nearing the End of Their Labors

Ottawa, July 14.—The House of Commons yesterday discussed a variety of questions and made fairly good progress. Mr. Greenway wanted the appointment of an officer to look after the interests of grain shippers in regard to grading wheat and the Government promised to do something in this direction. A bill to amend the criminal code to prevent the use of trading stamps was read a second time. Mr. Oaker moved an amendment on going into supply asking for the cancellation of the contract with the North Atlantic Trading Company in regard to immigrants.

In reply Mr. Oliver said the contract in question had been in existence for six years and Conservatives knew all about it, and in fact approved of it when discussed in the Agricultural Committee. The amendment was lost by 41 for and 76 against. The Intercolonial was afterwards discussed. The senate discussed the autonomy bill and the vote is expected tomorrow.

REVENUES FROM LICENCES.

The city's revenue from licenses for the present year to date amounts to \$5,562.00. This includes \$3,900 for liquor licenses. The balance of the amount is made up as follows: Sixteen real estate licenses paid before June 1, at \$45 amounts to \$720 and nine paid since at \$50 each brought in \$450. Twenty insurance licenses at \$25 each made \$500 in revenue, and five water men, at \$15 each, paid \$75. Seven drays at \$6 each amounted to \$42 and six feed stables and one horse dealer at \$25 each made \$175. Eleven restaurants at \$25 each paid \$275. Billiard and pool tables contributed \$35 and one bowling alley paid \$15. From public halls \$60 was received; one bill poster paid \$10; seven barber shops contributed \$10 each, making \$70; and three auctioneers at \$25 paid \$75, making the total of \$5,562.00 as above.

There are several license fees to collect yet, and steps are being taken to have them all paid up at an early date.

BUILDING PERMITS.

Several building permits have been issued during the past week. Among them were the Alberta Milling company's new roller process flour mill, a frame structure, 42 x 144 feet, on a brick and concrete foundation, to be built on the east side of Third street near Columbia avenue; McDougall & Secord's new brick and stone block on Jasper avenue, with James McAllister as builder and Johnson & Barnes architects, to cost \$28,000.

L. Musselman has taken out a permit for a 26 x 32 two storey frame dwelling, to cost \$2500; E. H. Groos, for a 26 x 26 frame dwelling on Ninth street near Victoria street, to cost \$1000; and J. H. Pickard for a frame house 22 x 28 on Fourth street near Hardisty avenue to cost \$2600.

A permit has also been secured for the erection of St. Paul's Mission, on the corner of Short and Kinsisto streets, a frame building 30 x 30 to cost \$2000. An addition to the public hospital in the form of a sleeping apartment for nurses is to be erected at a cost of \$125. E. Tomlinson is building an addition to his house, on the east side of McPherson street, 21 x 16 to cost \$1,000 and Mrs. P. Helmink is going to build a brick renovated stable on Third street to cost \$1000. Alfred L. Nashall is erecting a habitation on Fifth street to cost \$100.

This makes a total of \$47,725.00 in building permits issued within the last ten days.

LIGHT SENTENCES

GIVEN ODESSA RIOTERS.

Judges Deal Leniently With Those Accused of Robbery and Incendiarism

Odessa, July 14.—Of 200 people charged with robbery and incendiarism, 74 were acquitted yesterday and 25 sentenced to six weeks' imprisonment including two weeks already in prison. This extraordinary result of the trials has caused comment. It is asserted that it is a political demonstration against the military government, as the judges are elected by the municipality.

ANNOUNCEMENT TO THE ELECTORS OF STONY PLAIN

Stony Plain, July 13.—Having received the nomination of the convention held at Inga, July 8th, I take this opportunity to announce to the electors of the Stony Plain constituency that I will stand as Independent Liberal candidate for the Provincial Legislature, during the forthcoming elections.

I will arrange for a series of meetings in all polling divisions, notice of which will be published in Edmonton Newspapers in the near future.

SUDNEY J. TRUSCOTT.

BABY'S Hot Weather NECESSITIES

We do our part toward keeping baby healthy and comfortable during the summer by supplying the many articles in the way of feeding, nursing, teething and toilet goods which are absolute necessities in the proper care of a baby during trying hot weather.

"The best of the best is none too good for baby" is the rule we observe when purchasing all goods for baby's use.

MORROW'S DRUG STORE.

MAKING ONE'S TOILET is a far pleasant proposition if all the appointments are handsome and convenient. You can have them that way if you say the word. But say it to us.

WE ARE PLUMBERS who make a specialty of good work. We will make your bath or toilet room fit for a king or queen. Sanitary, too; perfectly so. And, as usual, our bill will be so small that you'll doubt our being real plumbers. But we are.

We are sole agents for Sutton Germ Proof fitter.

GO AFTER A GRANT

Some time since it was announced that the Territorial Government would make a grant of \$8,000 toward the expenses of the Regina demonstration on the occasion of the inauguration of the new Provincial Government. Premier Haultain was immensely careful to explain that the purpose of the grant was to celebrate the obsequies of the old rather than the birth of the new regime. This specious argument, however, does not alter the fact that the Regina demonstration is planned and advertised not as a state funeral, but as an inaugural celebration. As the provincial capital of one of the new Provinces, Edmonton is quite as well entitled to celebrate the beginning of Provincial life as Regina and equally entitled to receive a grant from the Territorial Government in aid of that celebration. The money of the Territorial Government belongs to Alberta quite as much as to Saskatchewan and no favors should be shown on this occasion to either Province. The city council might very well again approach Premier Haultain for a grant equivalent to that donated to Regina.

THE BUDGET

(Montreal Daily Star)

There is precious little political profit to be gained from attacking the Government for its large expenditures. No government in Canada has ever been finally condemned for spending money. To come nearer home, it is doubtful whether any, civic government in Montreal has ever fallen seriously under general public displeasure for its lavish scattering of tax-money which it collected from the people; and in Montreal we have direct taxation. Today we are enduring wretched pavements, unclean streets, an inadequate fire protection service and a doubtful water supply, all because we pay an immense interest charge on the debt incurred by the extravagance of the past. Yet it would be too much to say that there is any active and determined feeling against this reckless and ill-directed waste.

Our people never seem to see in themselves with sufficient vividness the men who are paying the piper. They are always more concerned about their chances of joining in the dance. While this is true, it is manifestly unfair and unprofitable to attack any set of politicians for large expenditures when they have the money. The people seem to want it; and the people are the masters of this country.

WETASKIWIN FAIR

Wetaskiwin, July 10.—The seventh annual fair of the Wetaskiwin Agricultural Society, which was held Tuesday was a success far beyond the expectations of the most knowing. The weather in the early morning was threatening but this did not dampen the hopes of the amusement-seekers, for early in the forenoon the streets of the town were crowded, and it was very evident to an observer that all were bent on having a pleasant time. The weather was quite cool all day, but a high wind was blowing in the afternoon which interfered to a small degree with the baseball tournament.

The exhibit of farm stock was by far the largest in the history of the society. All the classes in the horse and cattle departments were well filled and the judges had no little task in selecting the prize winners. The vegetable and grain exhibits were not large owing to the early date, but they were of excellent quality. It was quite a revelation to the spectators to see new potatoes as large as a man's fist, also green peas, matured in the pod. The dairy and provision class was well filled, and the judges had very hard work in selecting the best among such an array of butter, bread, cakes, etc. As might be expected, the exhibits in the miscellaneous department were not large but the articles on exhibition were skillfully made and well arranged.

A record crowd was present, and the society is hopeful that there will

be a handsome surplus left over after paying all prizes and expenses to place to the credit of the society.

The racing events were all well filled, and there was some close and exciting finishes, but it was also apparent that some of the horses were not bent on lowering the track record. As usual, the Indian races were very keen, and the excitement ran high as they bunched on the home stretch and passed under the wire almost neck and neck.

The News In Brief.

A box has reached the Bible House in London from Baguio, British Solomon Islands, containing specimens of some of the items contributed by the natives to the collection made on Bible Sunday at the Melanesian Mission Church. The contents include some strings of beads, porpoise teeth, and armlets, which are recognized coin of the realm. One string of red beads measuring the length of the arms at full stretch equals two shillings; four similar lengths of white beads are equal to one shilling; ten porpoise teeth represents one shilling; while each of the white rings for wearing on the arms are of the value of one shilling. Among the other articles—which are used for barter—are some pieces of tortoise-shell in the rough, a bamboo box such as is used to carry lime, for betel chewing, a fine string bag, and a piece of the native cloth in which the Baguio women wrap their babies to keep them from the insects. Similar articles in the collection were sold in the nearest market and raised altogether £31 10s., which has been daily remitted to the Bible House.

In the memorandum presented to Parliament, Minister Borden said that Canada's first line of defence would be 100,000 men and 400 pieces of artillery. One thousand will be provided by the new artillery unit, new organizing. Thirty-five hundred will be raised in the North West Territories, where at present the military force is limited to two squadrons of Canadian Mounted Rifles. This will be done gradually, and when the militia units have been recruited, schools of permanent corps will be established in the provinces for instruction purposes.

Walter Smith, a resident of New Brunswick, N. J., and connected with the Metropolitan Life Insurance company, committed suicide at Clifton Springs, N.Y. After waiting for the approach of a New York Central train at a crossing, he sat down on the rails when the locomotive was but a few feet away and was instantly cut to pieces.

NORTHERN OIL MAN

CAR LOAD OF MACHINERY

For the Exploiting of the New Oil Fields in Athabasca—Alfred Hammerstein Floats Large Company

Alfred von Hammerstein returned to the city yesterday. He has been down to Petrolia purchasing machinery for his oil fields in Athabasca. Mr. Hammerstein has had quite a remarkable career. He came down from the Klondike eight years ago, as he says himself, barefooted and without a cent. He worked his way up to the Athabasca country and established stopping places along the trail to Athabasca Landing. While up there he made some discoveries of oil and went down east to float his company.

Mr. Hammerstein returned after a successful trip and shipped several thousand dollars worth of machinery up into the new country. After spending several months up north he came down last February and spent four months in the newly-discovered oil fields of Kansas and Indian Territory. There he worked as a blacksmith and driller that he might get personal practical knowledge of the actual operation of the plant of an oil field. He then spent considerable time studying the commercial side of the question with a view to learning how these large propositions are handled.

Mr. Hammerstein has now returned with \$15,000 worth of oil machinery which he purposes taking up into the Athabasca district at once. This will make upwards of \$25,000 worth of machinery sent by him into the north country.

He informed the Bulletin that the whole affair was a purely Canadian enterprise, owned by a Canadian syndicate and operated by expert Canadian oil men and drillers, with Canadian machinery purchased at Petrolia. Mr. Hammerstein has also brought with him an 18 foot gasoline launch, which he purposes using on the river up near his oil property. This will be the first boat of its kind to find its way into the new country.

Mr. Hammerstein is very optimistic about the future of his field. He says it will take \$50,000 to fully exploit it, and then if it proves up to what he expects, a pipe line must be constructed to Edmonton with a refinery in this city. The oil would have to travel 225 miles in the pipe and the total cost of the outfit and plant would be about \$1,500,000. It looks like a pretty big affair but is only a sample of what has often been performed across the line.

Mr. Hammerstein has been one of the men who wrested good fortune from failure. When he first went north he cut hay for feed with his jack knife; now he rides in a gasoline launch and superintends the expenditure of thousands of dollars in exploiting the oil fields of the north. He has intimated a desire to take an interest in political affairs and hinted that he might be a candidate in Athabasca.

APLEASANT CELEBRATION

Martins, July 10.—The people in the vicinity of Martin's post office assembled at the home of P. P. Kjosness on July 4 for an old fashioned celebration. Mr. Kjosness has a beautiful location in the famed Vermillion Valley, where extensive preparations had been made to royally entertain a large crowd. People came from near and far all bent on having a good time. The settlers here are nearly all from the States and quite naturally celebrated their national holiday. However, naught but the flags of the Empire were seen waving in the delightful breeze peculiar to Alberta—evidence of their loyalty to the land of their adoption. There was firing of guns and snapping of fire crackers in noisy fashion. There was racing of horses, fat men, lean men, and boys; there was high jumping and long jumping; there was ball playing and dancing, and a tug of war between Martins and Vegreville, in which Martins won.

There was the usual good-natured strife over the horse racing, and the customary disagreement as to the speed of the competitors, which called for the second race, with the winning horse still the winner, and Martin's people are ready for the fastest. Mr. McCauley, of Beaver Lake, was the speaker of the day and addressed the audience in a very pleasant manner on the subject of Antiquity. His remarks were well received until he

touched upon the school system; His statement that the school system of the Northwest Territories was better than the school systems of eastern Canada met with no disapproval, because States people do not claim to know; but when he stated that the system is the best in the world, one could see frowns on the faces of his auditors, and an effort to provoke applause at the close met with very mild response. Mr. McCauley cannot win votes by telling people that an educational system that leaves the spelling book out of its curriculum and forces poor people to pay sixty dollars per month for a twenty-five or thirty dollar teacher is the best in the wide world, because States people resident in Canada know better. That the questions submitted to applicants for certificates to teach in the Territories do not come within the pale of reason is proven by the scarcity of teachers. There are thousands of good teachers from the States who would have to study for years to successfully pass the examinations here.

It is said that the nearest way to a man's heart is through his stomach. If true, Martin ladies certainly captured the hearts of the multitude with their loaded tables that were spread in the bower. After the exercises were over the merry dancers occupied the bower till morning.

May the Martin people enjoy peace and prosperity and many a repetition of this unmarred jollification.

D. C. TIFFANY JR.

WINNIPEG MARKETS.

Wheat.—The weather over the country has been very favorable for the crops during the week. Prices close today as follows, viz.: northern, \$1.06; 2 northern, \$1.03; 3 northern, \$1.04; No. 4, extra, 78 1-2; No. 4 wheat, 76 1-2; No. 5 wheat, 66; feed wheat, 62 1-2; and No. 2 feed, 60 1-2; spot or July delivery. On the option market future deliveries closed July \$1.06; October, 87 5-8c. All prices are in store Fort William and Port Arthur.

Oats.—No. 2 white, 42c; No. 3, 40c; feed grades, 36 @ 37c per bushel in carlots on track, Winnipeg.

NAMAYO AVE. NEAR CORNER JASPER.

People in the neighborhood of Calgary and Edmonton who are in need of a

Cooking Range, Heater, Wood Cook Stove,
or Warm-air Furnace

will do well by seeing the line of goods manufactured by the Guelph Foundry Co. at Guelph, Ont., and for sale at the Warehouses of THE McDONALD SIMPSON CO., Calgary.

This firm will have complete control of the sale of the famous Grand and New Idea Cooking Ranges, which are fitted with duplex grates, to burn soft or hard coal and wood. The New Idea Hot Blast Heater, just the thing for front hall, dining room, parlor or sitting room. The New Idea Wood Cook with large even, the celebrated Kelly Furnace, for burning hard or soft coal and wood, made in four sizes to suit size of house.

Nothing worries the house-wife who possesses a GRAND IDEA RANGE. She knows that this range can be relied upon to do its work perfectly.

NO poor results from taking. No big drain on the coal bin. No getting up in the morning to find the fire out.

GRAND IDEA RANGES are made in four sizes and sixteen styles. They are beautifully nickled and are built to satisfy. Burning hard or soft coal and wood.

"BUY THE GRAND IDEA RANGE" "THE RANGE THAT NEVER FAILS."

NAVAL OFFICERS

ENTERTAINED BY FRANCE.

British Seamen Well Received in the French Capital—Joint Celebration of National Holiday.

Paris, July 14.—Over one hundred British naval officers were received by President Loubet this morning. The city was gaily decorated with English flags. The visit is part of the Anglo-French entente and is considered significant in view of the Moroccan incident. A joint celebration of the national holiday is being celebrated today.

LOCAL

—Free Press: Alexander Anderson, 8-year immigrant, attempted to commit suicide yesterday morning at 8:30 on the C.P.R. transcontinental express. He cut his throat severely with a razor, but last evening was resting quietly at the general hospital and hopes of his recovery are entertained.

—Regina Standard: The Roman Catholic priest, Father Groulx, who was packed up on the prairie in a serious condition, is progressing well under the care of Dr. Black. Father Groulx was driving from Forget, his station when the train ran away, and left him lying unconscious on the prairie for two days. When picked up he had his jaw bone and one rib broken.

—Lethbridge News: G. C. Inman appeared before Chief Justice Sifton on Saturday afternoon and pleaded guilty to having stolen a number of articles from Robertson and Co's. store where he had been employed as clerk. Attorney Harris, of Macleod, addressed the court on behalf of the prisoner, pointing out that the circumstances surrounding the case seemed to prove Inman more foolish than criminal. The sentence of the court was one year's imprisonment at Regina jail.

—Macleod Advance: Where was Calgary on July 3-4? This was the question asked on all sides during the recent Macleod celebration. As on previous occasions Macleod was represented at the Victoria Day celebration at Calgary by an entire train load of people including band and base ball teams and the compliment is returned by Calgary people being conspicuous by their absence despite the fact that invitations were sent to different organizations of that "haggish" city and a cheap rate of \$3.15 was received from the railway. Let Macleod people manifest their disapproval of such unkindness at future celebrations held in the capital spring city.

—The Canadian Northern Railway company have now in the field an engineering party under one of their staff engineers, Mr. Turnbull, re-locating a route for the proposed Hudson's Bay railway. Their point of departure from rail communication was Erwood on the Prince Albert line, and it is said that the line will cross the North Saskatchewan river at the Pass, the best of only two available points of crossing that formidable stream. The dispatch of this party would seem to redress in a measure, the oft-repeated promises made during the past two years that the company would after completing their main line to Edmonton, build a line to Hudson's Bay.

—An agreement has been made by the Corporation of the Town of Wetaskiwin and Francis B. Linden and Stephen B. Talbot whereby the Town of Wetaskiwin granted a franchise to Messrs. Linden and Talbot for the establishment of a public market and weigh scales for the term of five years. Messrs. Linden and Talbot, and the company now being organized by them are to acquire 24 lots on the south east side of the C. P. R. track and erect a market building of at least 130 by 50 feet, also covered weigh scales of a capacity of 15,000 lbs., also sheltered stalls, auction stand, horse and cattle pens and corral for the purpose of carrying on the business of a public market for the use of farmers, horsemen, cattlemen, butchers, dairy produce dealers, vegetable dealers, hucksters and others. The idea is to make Wetaskiwin the horse and stock market for Central Alberta.

LATE BISHOP OF ATHABASCA DEAD.

Winnipeg, July 14.—Rev. W. A. Barman, of St. Johns, has received a cable from South Borough, England, conveying the intelligence of the death of the Right Rev. Richard Young, D.D., who lately resigned from the diocese of Athabasca on account of ill-health, and has since been living in England. The funeral takes place today.

Bishop Young was born in England in 1843. He came to Canada many years ago, and was for a time rector of St. Andrew's parish, in the Red River settlement, below Winnipeg. In 1884 he was consecrated Bishop of Athabasca, and has labored faithfully and effectually in the north country for the past twenty years.

Bishop Young was well known in Edmonton and was held in the highest esteem by everyone, and the news of his death will be learned with regret by his very many friends.

The assassination of the prefect of police, Count Suhaloff, of Moscow, is considered a purely personal crime, as the count was not yet forty years old, and was regarded as being of the best type of Russian official. He came from one of the most famous families in Russia.

The Vancouver police have arrested Francis Grozanna, charged with issuing bogus bank bills a number of which have been passed. The notes are of the New Brunswick State Bank of New Jersey, said to have been out of existence for many years. The prisoner is believed by the police to be one of a gang engaged in circulating these bills in British Columbia towns.

MISCELLANEOUS

NOTICE

Public notice is hereby given that a meeting of the electors of the St. Joachim Roman Catholic Separate School District No. 7, of the North West Territories will be held in the City Hall, Edmonton on Thursday, the 20th day of July, 1905, from 11 a.m. until noon, for the purpose of nominating candidates for the office of School Trustee, to fill the vacancy occasioned by the retirement of Mr. N. D. Beck, for the remainder of the term for which he was elected. Given under my hand at Edmonton, this 12th day of July, 1905. Geo. J. Kinnaid, returning officer.

BALL GAMES

Winnipeg, July 14. — Yesterday's scores—Winnipeg 5, Crookston 0; Fargo 3, Superior 2; Grand Forks 6, Duluth 5.

TERRITORIAL RIFLE MATCHES

Calgary, July 14.—The Grand Aggregate was won by R. Young of Elbow. The Edmonton men scored as follows:

3rd, J. Carmichael.....	420
4th, W. Bedard.....	417
12th, P. McNaughton.....	399
18th, P. Peare.....	389
24th, A. Cameron.....	383
D. Bisset, J. McKenzie and F. H. Whitelaw also win prizes of \$1.00 each.	

The Brewery match was won by J. Carmichael of Edmonton, score 87. W. Bedard was the 9th with 76 and A. Cameron 13th with 75.

SUICIDED AT TORONTO.

Toronto, July 14.—A. M. Marten, a young English immigrant shot himself among the bushes in Hyde Park yesterday. Dispondency was the cause.

DROWNED AT WINNIPEG.

Winnipeg, July 14. — A young Scotchman named Robert Brown, lately from Portage La Prairie, was drowned in the Assiniboine river last night. He and a companion were upset from a canoe. Brown could not swim and immediately sank.

ORANGEMEN SUSPENDED.

Boston, July 14.—Dr. Hull, the Supreme Grand Master of the Orange Institute, has ordered the immediate suspension of every American Orangeman connected with the flag incident at London, Ont. If his wishes are not respected he will suspend the Michigan lodge.

ANOTHER MUTINY REPORTED.

St. Petersburg, July 14.—Rumors are current that four grenadier regiments have mutinied at Moscow and that at Warsaw certain officers refuse to command the soldiers to fire on the people.

RECITAL PROGRAM

Following is the program for the piano recital in McDougall church this evening.

Chorus—"Gloria (12th Mass), Mozart; Choir.

(a) Beethoven, "Andante Favori in F"; (b) Chopin, "Polonaise Militaire"—Mr. Tripp.

"Autumn Gale," Grieg—Miss Helen Kirby Ferguson.

(a) Schumann, Nachsueck (Op. 28 No. 4); (b) Chopin, "Etude in F Minor"; (c) Paganini-Schumann, "Capriccio Celebre in E"—Mr. Tripp.

(a) "A Memory," Park; (b) Sapphic Ode," Brahms; (c) "An Irish Love Song," Lang—Miss Helen Kirby Ferguson.

Violin (a) Berceuse, F. Godard; (b) Dance Alla Zingaresca," Henri Ernst.—J. F. Richardson.

(a) Rubenstein "Barcarolle in F Minor"; (b) Moszkowski, Valse in E; (Op. 34 No. 1)—Mr. Tripp.

"Nightingale Song," Nevin — Miss Helen Kirby Ferguson.

Paganini-Liszt, "La Campanella"—Mr. Tripp.

Chorus, "O Come, Let Us Worship," Mendelssohn.—Choir.

God Save the King.

Accompanists—Miss Crawford, Mr. Storey, Choir Master, Jackson Han-

PERSONAL

D. McKinnon returned Monday from Ontario.

E. Thompson returned from the east yesterday.

T. A. Stephen has returned from a trip south.

News in Brief

Three small sons of Constable Willeson, Collingwood, Ont., aged 8, 6 and 4, ventured out on the lake, the two elder swimming, the younger on a frail raft. A strong wind carried them off shore. On the discovery of their clothes a launch was scoured and the trio were discovered clinging to the raft ten miles from shore.

Subscription books for the new Japanese loan of \$150,000,000 were opened Wednesday in the principal German cities, but were closed in the afternoon, the amount of the loan being subscribed several times. The period for taking of subscriptions had been set for three days.

Sixty-seven indictments against 25 individuals, most of whom are former county officials, were handed down by the Milwaukee, Wis. county grand jury in the municipal courts.

This batch of true bills added to the thirty-eight returned yesterday, there being a total of 105 thus far, with the expectation that further probing will result in many more indictments charge bribery. The list contains twenty out of the twenty-one names returned in the last batch, there being but five names not before reported. Nearly all the indictments charge bribery, the amounts, it is alleged, having been paid to present or former county officials in connection with the awarding of the county contracts for the erection of an addition to the county hospital several years ago.

Campbell, Mary I. Caspell, Margaret Valra.

BAD STORM AT RED DEER

Red Deer, July 12.—A tornado passed over the Pine Lake country, ten miles south-east of Red Deer on Monday afternoon at 6 o'clock. No loss of life resulted but considerable damage was done to stock and farm property.

The disturbance was of real cyclonic proportions and cut a swath through the country as clean as if a gang of bushmen had gone through. The tornado was from three to four rods in width and its pathway can be distinctly traced over the prairie and through the forest. While there was a high wind all over this section at that time, the tornado was so clean cut that in the case of one farmer near Pine Lake, the roof was torn from his house, while the outhouses on each side a few rods removed were not touched. The house was occupied at the time, but the members of the family were not hurt.

Crossing Pine Lake the twister threw up great volumes of water, and the lake was pushed into a white foam. On the opposite side where the tornado left the water, it cut into a very heavy forest, twisting the great trees off close to the ground, and carrying them off like straws.

At Penhold the wind reached dangerous proportions but did not damage. The hail at Penhold was very heavy, and remained on the ground until Tuesday afternoon.

LACROSSE.

The rain held off very considerably last evening until the lacrosse game was finished, though a shower to cool some of the boys off, at times would not have been out of place. The game was somewhat scrappy all through and the fence was almost continually decorated. The umpire was kept busy looking for reasons to give some of the boys a rest.

The only goal of the game was scored for Edmonton by Thom in the first quarter, after about eleven minutes play.

The second quarter was remarkable for wild throws and men getting the fence. Carmichael had a nice chance to shoot for the visitors but he threw at the grand stand instead of the net, and Cook threw it over instead of into the Strathcona goal. This quarter was marked by rugged play and very bad catching. The boys on neither side did themselves justice. They can play better but they didn't do it last night.

In the third quarter Strathcona rather forced the play, keeping the ball near the Edmonton goal, play-

ing hockey with it a good deal, but always failing to score. The goal keeper stopped one or two fairly hot ones but for the most part this work was not necessary.

In the last quarter Edmonton was on the aggressive and besieged the visitor's goal but to no effect. Four players got the fence in this quarter. The game was inclined to roughness toward the end and a clinch by Walsh and Pearson caused a mild form of excitement for a few minutes. They went to the fence and were spectators to the finish. No goals were scored in this quarter, so the game was awarded to Edmonton by a score of 1 to 0.

McQueen was the star player of the game. Blewett has his face badly cut, Kent hitting him below the eye with the end of his stick.

The teams lined up as follows:—
Harper goal Ranton
Morris point Mulvey
Glass cover point Leach
Blewett 1st defence Cameron
Walsh 2nd defence Pearson
McQueen 3rd defence Armstrong
Hamford centre Bisett
Cook 3rd home McKernan
Thom 2nd home Ritchie
Milne 1st home Kent
Kerr outside home Richards
Harris inside home Carmichael
Stewart Hill of Strathcona acted as umpire.

JUNIOR BALL GAME

A junior base ball team journeyed over from Fort Saskatchewan yesterday afternoon to meet overwhelming defeat at the hands of the Edmonton boys. The game was called off at the end of the second innings with a score of 7 to 0 in favor of the home team and it only requires a simple method of calculation to figure out what the score might have been if nine innings had been played. As it was, the home team put it all over the visitors in both innings.

The line-up was as follows:
Edmonton Ft. Saskatchewan.
Johnston c. Diamond
Wilson p. Jackson
Hicks 1b. Miles
Hett 2b. Roberts
A. Johnson 3b. McDonald
Knott ss. Peters
Raffigan lf. Ferguson
Maloney cf. Lamouraux
Beals rf. Atkins

Score by Innings as follows:

MR. TRIPP'S RECITAL

The Winnipeg Town Topics says: "That sterling musician of Toronto, Mr. J. D. A. Tripp, last Tuesday evening at the Y. M. C. A. hall gave a very interesting piano recital. He played an excellent program, a program that made a variety of demands, and in the discussion of it he revealed himself a well rounded, well equipped and mellowed pianist. His playing possessed grace and charm and also force and power. He is a scholarly and appreciative musician who has so developed his talent that it has become a most satisfying medium of interpretation."

Mr. Tripp will be assisted here by Miss Helen K. Ferguson, of Toronto contralto, F. J. Richardson, violinist, wife leader of Rodfry's symphony orchestra, London, England. Mr. J. D. A. Tripp will arrive in the city this evening and will be the guest of Mr. C. W. Strathgyle while here.

BRITISH SETTLEMENT

MAY BE FOUNDED IN CANADA

H. Rider Haggard Submits Results of His Study of Salvation Army Settlements

Mr. Rider Haggard, who at the beginning of the present year was nominated by the British Colonial Office as a commissioner to report on the agricultural and industrial settlements established by the Salvation Army in the United States, has presented his report, which has been issued as a Blue-book. Mr. Rider Haggard, left England on February 22, accompanied by his daughter, to visit the Salvation Army land colonies in California, Colorado and Ohio. He also had interviews with many people in authority, including President Roosevelt, Sir Wilfrid Laurier, Mr. Clifford Sifton and many others, his enquiries being of an extensive kind in view of his instructions from the Colonial Office that if the Salvation Army experiments commended themselves to him he might make practical suggestions for the projected transfer of urban populations of the United Kingdom to different parts of the British Empire.

In his general remarks on the Salvation Army settlements, Mr. Rider Haggard, after pointing out the mistakes which have been made and failures resulting in a total loss of £10,000 on the two colonies in California and Colorado,—due to unforeseen difficulties—gives the following conclusions from the lessons learned:

"The first of these lessons is to avoid the mistakes of the past, especially by refusing to attempt any further settlement unless sufficient capital is available to inaugurate and to carry it on upon proved and businesslike principles. The second is that the land should be cheap as well as suitable. The third that the colonists should be very carefully selected, all the circumstances and conditions of the individual families being considered. The fourth that they should pay a fair price for their land, spread, however, over a considerable number of years, and the fifth, perhaps the most important of them all, that they should remain during that period under skilled but sympathetic management. Markets, also, with the accessibility and convenience of location, should be borne in mind, while the principle of settlement in communities ought, in my judgment, to receive strict adherence, as it has many social advantages. Given these requisites, it will, I consider, be strange if success is not attained, even in the case of poor persons taken from the cities, provided that they are steady in character, the victims of misfortune and circumstances rather than of vice; having had some acquaintance or connection with the land in their past lives, and having also an earnest desire to raise themselves and their children in the world. Any scheme, therefore, that is to succeed should, in my judgment, provide for the fulfilment of these essentials, at any rate to a large extent."

The Commissioner then outlines a plan of land settlement for which he takes full responsibility, adding that various very able and experienced gentlemen, to whom he sketched his suggestions, such as President Roosevelt, Mr. Wilson, Sir Wilfrid Laurier and Mr. Sifton appeared to have thought them workable and sound, for the necessary money for these undertakings he proposes.

That a sufficient loan, whereof the exact amount may be decided hereafter, or rather the interest on such loan, shall be guaranteed by His Majesty's Government, or, in cases where the Governments of individual colonies are willing to co-operate, by His Majesty's Government and such colonies jointly; it being agreed that each colony shall share in the benefits of the land settlements to be made under the loan in proportion to the amount of the guarantee plus the value of its land grants. The absolute necessity of such a loan by whomsoever guaranteed, is obvious, but if further arguments in its favor are needed they will be found in the histories of Fort Rome and Fort Amity, which the Salvation Army have acquired and developed on credit, by means of money borrowed at 5 per cent and 6 per cent, thereby incurring the greater part of their loss. If land settlement is to be successful it must be conducted upon the strictest business lines, such as would be adopted if the building of a railway or any other industrial enterprise were concerned, and these, of course, include the provision of sufficient capital at a reasonable rate of interest."

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 10.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—The city council meets this evening.

—Probs.—Generally warm today and Saturday in Alberta.

—Work on the cement walks is stopped on account of rain.

—Several heavy thunder storms occurred last evening and during the night.

—An inch of rain fell during the twenty-four hours ending at noon today.

—The public hospital has begun the erection of a small building for summer sleeping accommodation for the nurses.

—A break in a water pipe at the Hudson's Bay Company's store caused a shut off of the water in that part of the city for a while this morning.

—The police cells were empty last night, so there was no grist for the mill of justice at the police court this morning. The heavy rain seems to have washed the city clean.

—Mrs. Agnes M. McKee desires to thank the members of the Masonic Fraternity and other friends for kind sympathy extended to her in her bereavement, by the death of her late husband, John A. McKee.

—The Capitals play two games of baseball next week in the city. The first on Tuesday evening with Fort Saskatchewan and the second on Friday evening with Wutaskiwin. These should prove two very interesting games and ought to provide the boys with substantial gate receipts.

—The Ladies Aid of Grace Methodist church, held a reception in the church last evening, to welcome the new pastor, Rev. A. C. Tuttle. Short addresses were delivered by Revs. Douglas, Heustis, Hagar and McDonald, also by Messrs. A. T. Cushing and W. Best. Rev. Tuttle replied briefly to the words of kindly welcome spoken by the above named gentlemen. The ladies served refreshments.

—The demand for horses at the auction sale at the Alberta stables yesterday was brisker than last week but the bidding was slow and no fancy prices were realized. Some fourteen head were sold. One pair of general purpose geldings, weighing about 1200 each, brought \$236. A pair of young unbroken driving mares sold for \$89. A wagon load of household effects were disposed of and with it some twenty-five hens at 49c. each and fifty young chicks brought 12c. each.

—Word has been received by the R. N.W.M.P. at Calgary that a horse with a saddle on and a black hat were seen floating down the Little Red Deer river west of Olds. No report has been received of any person disappearing in the vicinity and as yet the authorities are unable to say as to whether there has been a tragedy in connection with the circumstances or not. The body of the horse has not yet been recovered and no information which might arise from brands on horse or otherwise has been found.

—Calgary Herald: W. H. Cushing returned from the north last night. He was at Red Deer on Monday afternoon and witnessed a considerable weather disturbance. The hail was so heavy that the headlight of the engine on the train was broken. As he returned yesterday, Mr. Cushing heard much talk of the cyclone. He said that some eighteen or twenty years ago he witnessed a wind that very nearly reached cyclone proportions in Calgary, but that this is the first tornado he ever heard of in Alberta.
